Somatesthesia was my first (but by no means, last) interracial M/M romance and goodness it was well worth the wait! I cannot express my gratitude to author Ann Somerville for getting it right, making it sweet and hot and heartbreaking and humorous all at the same time. I must also thank her for creating such an awesome character like Devlin Grace.

2042, post-peak oil America. The FBI and NSA have been merged into a single entity — the Federal Justice Agency — with wide-ranging investigative powers across state borders. Within it, a small core of elite agents, Special Crime Investigators, are brought in on the most difficult,...

Somatesthesia by Ann Somerville | NOOK Book (eBook ...

Overall Somatesthesia is a well written, interesting, and absorbing tale. The writing is crisp with a few awkward phrases and prose choices. Connor's dialogue is intentionally stilted due to his personality but still some of the descriptions and dialogue in general are clunky.
