Accounting is a complex field that requires patience, dedication, critical thinking, and meticulous analysis to master by heart. To understand the fundamental accounting equation, you must first familiarize yourself with the basic elements of accounting, basic accounting terminology, and the components of financial statements. Grab the Easy Study Guide to learn more!

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

The study guide is a useful tool that will enable the student to seek knowledge beyond the textbook. The study guide is designed to challenge and reinforce the learning experience. Dive in and learn accounting to improve not only your personal life but enable you to make better business decisions.

INTERMEDIATE ACCOUNTING by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate accounting texts are measured. Through thirty years and thirteen best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. The Fourteenth Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Volume I is comprised of Chapters 1-14. Each study guide chapter is comprised of a detailed chapter review, demonstration problems, true/false, multiple-choice, matching questions, and comprehensive exercises. This book is a bound paperback with three-hole punches for convenient storage in a binder.

Weygandt's Accounting Principles introduces challenging accounting concepts with examples that are familiar to accountants. The new edition has been updated with the latest IFRS/IASB standards. Additional coverage is included on foreign currency translation and LCM. More discussions focus on risk management as a result of the financial crisis. The examples also emphasize current examples in order to help accountants make the connection to their everyday lives.

'Financial Accounting' arms readers with a practical set of tools and the confidence needed to use those tools effectively in making business decisions. It provides an overview of accounting information and establishes how a financial statement communicates the fiscal activities of a business.

This is the Study Guide to accompany Financial and Managerial Accounting, Volume 1. Financial and Managerial Accounting, by Weygandt, Kimmel, Kieso is a new introductory program for the two semester accounting sequence that presents equal coverage of both introductory financial and managerial accounting topics. The Team for Success authors of Jerry Weygandt, Paul Kimmel, and Don Kieso bring years of industry, academic, and writing experience to the development of this new title which gives students the tools they need to understand the accounting cycle and key financial accounting topics, while presenting the managerial topics in an easy-to-understand fashion in a decision-making framework. The Team for Success authors understand where students struggle in introductory accounting, and have developed a learning system that illustrates the accounting cycle and key transactions, while giving student the tools to apply their learning through sample exercises throughout the chapter. Weygandt Financial and Managerial Accounting relates accounting concepts to real-world experiences, is full relevant examples to students' lives, and provides IFRS coverage that will prepare students for the global economy.
