Style and Socialism: Modernity and Material Culture in ...

About Style and Socialism. This book explores the material and visual world of the socialist Bloc from the late 1940s to the late 1960s. The essays, by authors from a range of disciplines, examine the forms and uses of material objects that made up the environment of life behind the 'Iron Curtain', and investigates the particular ways in which these objects came to represent the often ...

Style and Socialism: Modernity and Material Culture in ...

Style, regarded as a suspect notion under Stalin, became a legitimate and even urgent issue. What forms of dress, home furnishings and housing, as well as of fine art, would provide a stimulating environment that could meet the physical and ideological needs of -- and give shape to -- modern, socialist life? Challenging the assumption that all ...
