Examples Of Substance Abuse Discharge Summary

Discharging patients from a hospital is a complex task. An essential part of this process is the documentation of a discharge summary. A discharge summary is a clinical report prepared by a health professional at the conclusion of a hospital stay or series of treatments. It is often the primary mode of communication between the hospital care team and aftercare providers.

Chapter 35 Discharge planning - NICE

There is ample evidence that mental health, substance abuse and co-occurring (i.e. substance abuse and mental health) providers are doing a poor job of planning for the discharge of clients from their system of care into that of others. This problem is not unique to the mental health and substance abuse treatment fields as discharge planning

Best Practices Discharge Planning Manual FINAL

Discharge planning begins early in treatment and is a critical part of the patient's individual treatment program. Discharge planning is a rather critical facet of Lifeskills treatment plans that are individually tailored to each client's needs. Discharge planning should begin at the beginning of treatment.
