Tennessee has adopted the Common Core State Standards, a set of standards for math and English Language Arts designed to ensure that every student graduates high school prepared for college or the workforce. These standards were developed by state leaders from across the country. Tennessee voluntarily chose to adopt the standards.

Common Core State Standards | Tennessee Education Association

The Tennessee Academic Standards provide a common set of expectations for what students will know and be able to do at the end of a grade for each subject area. Our state's standards are rooted in the knowledge and skills students need to succeed in their postsecondary studies and/or careers. The State Board of Education is charged with adopting the Tennessee Academic Standards.

Academic Standards - Tennessee State Government

Common Core does not dictate curriculum • Districts, schools, and teachers determine the curriculum using textbooks and other resources and materials. • In accordance with Tennessee Code 49-6-2207, textbook adoption is governed strictly by local school boards. • Teachers and central office supervisors make decisions on text selection
