Introduction. Among Marxists, a central issue in early debates about capitalist development was the "Agrarian question". The nub of the matter here wasn't really economic. What really preoccupied the classical Marxist thinkers was a political question: would the peasants act as allies in the struggle to achieve socialism, or were they ultimately a reactionary, counter-revolutionary element?

In this book, Leon Zamosc provides an account of the history of ANUC and its struggle on three main fronts: for land, for the defence of the colonists, and for the protection of smallholders. The main focus of the book is on the land struggles. Professor Zamosc adopts a structural perspective, examining the agrarian contradictions that propelled the peasant struggles, the changing relationship between the peasant movement and the state, and the political and ideological content of the ...

The Land Question in South Africa. The challenge of transformation and redistribution. The extent to which indigenous people were dispossessed of their land by whites in South Africa under colonial rule and apartheid has no parallels on the African continent. Since the advent of democracy in 1994, issues at the heart of the land question in South Africa are how to reverse this phenomenon and how a large-scale redistribution of land can contribute to the transformation of the economy and the ...

Summary. Since 1913, the "land question" in South Africa has revolved around the major inequalities in access to and rights over land between the black majority and the white minority of the population, and how these disparities should best be understood and overcome. The roots of this inequality are commonly traced back to the promulgation of the Natives Land Act in June 1913, which provided the legal framework for the subsequent division of the country into a relatively prosperous ...
