The American Dream - A Cultural History eBook: Lawrence R

The American Dream seems particularly problematic in this regard not only because of its prevalence in popular discourse as the essence of a national character, but also because of its concatenation with another idea that is in even worse repute: American Exceptionalism.

The American Dream - A Cultural History | Reviews in History

In short, his work suggests that communities with less racial/economic segregation, better schools, more income equality, more social capital, and more two-parent families are more likely to promote the American Dream for poor children. So, for instance, Salt Lake City is more conducive to mobility than Atlanta.

What Does Culture Have to Do With the American Dream

The American Dream is the idea that the government should protect each person's opportunity to pursue their idea of happiness. The government protects the rights of you and every other American citizen to find their path to economic prosperity. Unlike many other countries, you are not required to follow your father's profession.
