Psychological warfare was in fact the foremost weapon in the subjugation of African people. As outlined in the CIA documents one of the main aims of psychological warfare is to undermine the enemy's capacity to resist through demoralization. The documents outline how this is done through inducing several psychological states.

The art of psychological warfare - Business Times

Psychological warfare, or the basic aspects of modern psychological operations, have been known by many other names or terms, including MISO, Psy Ops, political warfare, "Hearts and Minds", and propaganda. The term is used "to denote any action which is practiced mainly by psychological methods with the aim of evoking a planned psychological reaction in other people". Various techniques are used, and are aimed at influencing a target audience's value system, belief system, emotions, motives, rea

Psychological warfare - Wikipedia

Psychological warfare has very little to do with actual war. The costly destruction of life and resources should be the very last alternative. What you are really trying to do in the art of war is to get your enemy to defeat themselves by making them believe the fight is unwinnable or that they have already won by embracing your way of thinking.

The Art of War - Psychological Warfare

Psychological warfare, also called psywar, the use of propaganda against an enemy, supported by such military, economic, or political measures as may be required. Such propaganda is generally intended to demoralize the enemy, to break his will to fight or resist, and sometimes to render him favourably disposed to one's position.

Psychological warfare | Britannica

The 36 Stratagems is an ancient collection of Chinese proverbs on warfare. Most are based on the art of deception and use subtle psychological techniques to undermine an enemy's will to fight. The work contains proverbs so universal that they have become cliches.
