Everyone remembers their first love. Holly certainly remembers Alex. But she decided ten years ago that love wasn't about mix tapes and seizing the moment — though she's not exactly sure it's about secret dates with your boss, either. But what if the feelings never really went away? Alex wants to make every moment of his new job count. It's a fresh start in a big city, and he's almost certain that moving to London has nothing to do with Holly. Almost. How do you know if it was meant to be... or never meant to happen at all? A brilliantly funny, feel-good story of first love, second chances and everything inbetween, perfect for fans of romantic comedies like Love Actually, Notting Hill and Bridget Jones.

True Love My book of love poems are poems especially written for adults to enjoy. When deciding which poem to read, pick the poem that reminded you of that special moment or experience you shared with that special someone in your life. Take a few minutes to stroll down memory lane, reflect on that image and try to feel that exact feeling you felt back then, I am quite sure you will come real close to it. The intent of the love poems, are to help you express those wonderful words to the one you care about and love. Women in general, love words; they experience a totally different emotion than men. Women take beautiful expressions to heart, and in return they show their appreciation and affection in ways that go beyond. My love poems are beautiful, they set the tone, they ignite that emotion, they make a person smile, they show affection, and they help mend that missing gap between couples in love . They create that special harmony between two persons that care about each other, and they keep you falling in love more and more, and they bring the very best out of you. Read these poems in your zone of tranquility, while you are relaxing, sipping on a glass of wine, while imagining a candle light dinner just for two. Share this book with a friend, a partner, with colleagues, and I assure you that true love will come your way. Enjoy and share one these lovely poems with someone you care for in your own special

way. This book of love poems will definitely change your life. Believe me, it is possible.

An easy-riding, ball-busting comedy of bad manners, this is one of the most surprising and entertaining literary debuts of recent years. Pablo Baloo Miralles, a fat, useless and flatulent thirty-year-old, is the black sheep of his obscenely wealthy family. While he dedicates his days to online philosophy chatrooms and his nights to whatever pleasures he can find, his brother, 'The First,' is president of his booming family business. But, when 'The First' suddenly disappears, Pablo finds himself being sucked into a hair-raising, mind-bending adventure - an adventure in which he must use all of his well-honed survival instincts to come out alive.

"Revelatory, terrifying, but, ultimately, hopeful." -Elizabeth Kolbert, Pulitzer Prize-winning author of THE SIXTH EXTINCTION From the author of Junkyard Planet, a journey into the surprising afterlives of our former possessions. Downsizing. Decluttering. Discarding. Sooner or later, all of us are faced with things we no longer need or want. But when we drop our old clothes and other items off at a local donation center, where do they go? Sometimes across the country--or even halfway across the world--to people and places who find value in what we leave behind. In Secondhand, journalist Adam Minter takes us on an unexpected adventure into the often-hidden, multibillion-dollar industry of reuse: thrift stores in

the American Southwest to vintage shops in Tokyo, flea markets in Southeast Asia to used-goods enterprises in Ghana, and more. Along the way, Minter meets the fascinating people who handle-and profit from-our rising tide of discarded stuff, and asks a pressing question: In a world that craves shiny and new, is there room for it all? *Secondhand* offers hopeful answers and hard truths. A history of the stuff we've used and a contemplation of why we keep buying more, it also reveals the marketing practices, design failures, and racial prejudices that push used items into landfills instead of new homes. *Secondhand* shows us that it doesn't have to be this way, and what really needs to change to build a sustainable future free of excess stuff.
