Stephen Unwin is the author of The Complete Brecht Toolkit (4.29 avg rating, 34 ratings, 3 reviews, published 2012), So You Want to Be a Theatre Director...

"Examines, one by one, Brecht's many, sometimes contradictory ideas about theatre - and how he put them into practice. Here are explanations of all the famous key terms, such as Alienation Effect, Epic Theatre and Gestus, as well as the many others which go to make up what we think of as 'Brechtian theatre'. There follows a section which looks at the practical application of these theories in Acting, Language, Music, Design and Direction."--Page 4 of cover.

A revised and updated edition of Bella Merlin's essential guide to Stanislavsky. The Complete Stanislavsky Toolkit collects together for the first time the terms and ideas developed by Stanislavsky throughout his career. It is organised into three sections: Actor-Training, Rehearsal Processes and Performance Practices. Key terms are explained and defined as they naturally occur in this process. They are illustrated with examples from both his own work and that of other practitioners. Each stage of the process is explored with sequences of practical exercises designed to help today's actors and students become thoroughly familiar with the tools in Stanislavsky's toolkit. 'Bella Merlin magically converts her extensive knowledge into real-world practice and on-the-floor technique.

A hands-on, step-by-step guide to directing plays--by one of Britain's leading theatre directors. Stephen Unwin has worked with hundreds of different actors in a multiplicity of different venues. He is the ideal author of a "how to" guide to directing. As Unwin himself says: "Directing plays is difficult. The aim of this book is to lay out what skills are needed, and to give some sense of how you might develop them. The emphasis is on the professional theatre, but the book is useful for directors in other contexts--amateur dramatics, university drama, school plays and so on. Directing is directing, wherever you do it." Starting at the very beginning, Unwin takes us step by step through: \* Choosing the play \* Casting \* Design \* Rehearsal - Establishing Facts, Improvisation, Language, Character, Blocking, Using Specialists and so on \* Running the Play \* Putting it on the Stage \* Opening Night

Now available in Bloomsbury Revelations series, Brecht on Performance: Messingkauf and Modelbooks presents a selection of Brecht's principal writings about the craft of acting and realising texts for the stage. It crystallises and makes concrete many of the more theoretical aspects of his other writing and illuminates the practice of this hugely influential director and dramatist. The volume is in two parts. The first features an entirely new commentated edition of Brecht's dialogues and essays about the practice of theatre, known as the Messingkauf, or Buying Brass, including the 'Practice Pieces' for actors (rehearsal scenes for classics by Shakespeare and Schiller). The second contains rehearsal and production records from Brecht's work on productions of Life of Galileo, Antigone, Mother Courage and others. Edited by an international team of Brecht scholars and including an essay by director and teacher Di Trevis examining the practical application of these texts for theatres and actors today, Brecht on Performance is a wonderfully rich resource. The text is illustrated with over 30 photographs from the Modelbooks.

Bertolt Brecht's Me-ti, which remained unpublished in his own lifetime, now appears for the first time in English. Me-ti counselled against 'constructing too complete images of the world'. For this work of fragments and episodes, Brecht accumulated anecdotes, poems, personal stories and assessments of contemporary politics. Given its controversial nature, he sought a disguise, using the name of a Chinese contemporary of Socrates, known today as Mozi. Stimulated by his humorous aphoristic style and social focus, as well as an engrained Chinese awareness of the flow of things, Brecht developed a practical, philosophical, anti-systematic ethics, discussing Marxist dialectics, Lenin, Hitler, Stalin, the Moscow trials, and the theories behind current events, while warning how ideology makes

people the 'servants of priests'. Me-ti is central to an understanding of Brecht's critical reflections on Marxist dialectics and his commitment to change and the non-eternal, the philosophy which informs much of his writing and his most famous plays, such as *The Good Person of Szechwan*. Readers will find themselves both fascinated and beguiled by the reflections and wisdom it offers. First published in German in 1965 and now translated and edited by Antony Tatlow, Brecht's *Me-ti: Book of Interventions in the Flow of Things* provides readers with a much-anticipated accessible edition of this important work. It features a substantial introduction to the concerns of the work, its genesis and context - both within Brecht's own writing and within the wider social and political history, and provides an original selection and organisation of texts. Extensive notes illuminate the work and provide commentary on related works from Brecht's oeuvre.

Dramatizes Galileo's conflict with the church over his assertion that the Earth revolves around the sun.

*Bertolt Brecht in Context* examines Brecht's significance and contributions as a writer and the most influential playwright of the twentieth century. It explores the specific context from which he emerged in imperial Germany during the late nineteenth and early twentieth centuries, as well as Brecht's response to the turbulent German history of the twentieth century: World Wars One and Two, the Weimar Republic, the Nazi dictatorship, the experience of exile, and ultimately the division of Germany into two competing political blocs divided by the postwar Iron Curtain. Throughout this turbulence, and in spite of it, Brecht managed to remain extraordinarily productive, revolutionizing the theater of the twentieth century and developing a new approach to language and performance. Because of his unparalleled radicalism and influence, Brecht remains controversial to this day. This book — with a Foreword by Mark Ravenhill — lays out in clear and accessible language the shape of Brecht's contribution and the reasons for his ongoing influence.

‘ This is a close companion to Frantic Assembly ’ s practice and one that is written with an open and engaging, even disarming, tone ... A rich, rewarding and compelling text. ’ Stuart Andrews, University of Surrey As Frantic Assembly move into their twentieth year of producing innovative and adventurous theatre, this new edition of their well-loved book demystifies the process of devising theatre in an unusually candid way. Artistic directors Scott Graham and Steven Hoggett offer an intimate and invaluable insight into their evolution and success, in the hope that sharing their experiences of devising theatre will encourage and inspire students and fellow practitioners. The Frantic Assembly Book of Devising Theatre is a uniquely personal account of the history and practice of this remarkable company, and includes: · practical exercises · essays on devising, writing and choreography · suggestions for scene development · a 16-page colour section, and illustrations throughout · a companion website featuring clips of rehearsals and performances. This is an accessible, educational and indispensable introduction to the working processes of Frantic Assembly, whose playful, intelligent and dynamic productions continue to be acclaimed by audiences and critics alike.

Originally published in 1968, Jerzy Grotowski's groundbreaking book is available once again. As a record of Grotowski's theatrical experiments, this book is an invaluable resource to students and theater practitioners alike.
