With stories that range from the unforgettable "Jeff the Killer" to the fear-inducing "Smiling Dog," this collection is the perfect gift for Creepypasta fans and horror enthusiasts alike.

An army of monsters walks among us, hidden in plain sight. They're fast. They're strong. They're unrelenting. And they only want one thing: the gas station at the edge of town. Coming as a surprise to absolutely no one, Jack—night-shift clerk and local crazy person—has found himself neck-deep in the middle of yet another world-ending terror. And this time around, nobody can be trusted. Not that tough-as-nails cop who probably

knows a lot more than she 's letting on. Not the adorkable new employee who might be something far less innocent than she appears. Not even Jack ' s best friend/emotional support human, whose mysterious past seems to have finally caught up with him. In this latest installment of the Gas Station saga, Jack ' s world will change forever. Questions will be answered, and answers will be questioned. Friends become enemies. Strangers become enemies. Frenemies become enemies. (You know what? Jack is going to have a lot of new enemies.) Prepare yourself. Things are about to get weird.

A fascinating, creepy, frightening, disgusting, and hilarious collection of some of the world's most popular and enduring tall tales. With themes that run the gamut from funny to sick, risqu é to informative, and frightening to disgusting, Urban Legends features fantastic yarns that are remarkable for their uncanny ability to travel the world by word of mouth. We've all heard the one about the alligators that roam New York City's sewers, or how "Mikey" of Life Cereal fame died from eating Pop Rocks mixed with Coke. And what about the flustered parents who left their baby on

These classic tall tales are featured here in all of their creepy glory along with hundreds of others, and they're guaranteed to amuse, enlighten, and intrigue, but be careful: they may stick in your mind forever.

Bullies and liars beware; your doom is near. Naomi Jansen just wanted a normal carefree life till she met Jeff, a laid back teenage boy with a dark secret. While Naomi is at camp she discovers one morning that her long time bully, Mallory, was found dead in her cabin. Naomi suspects Jeff, but decides that he's too sweet to do something like that; until a series of events changes her mind and her outlook on her own sanity.

Man—leads him down a dark, dangerous path in this creepy supernatural fantasy that will make you question where the line between dark myth and terrifying reality begins. Lauren Bailey has disappeared. As friends at her exclusive school speculate on what happened and the police search for answers, Matt Barker dreams of trees and a black sky . . . and something drawing closer. Through fragments of journals, news stories, and online conversations, a figure begins to emerge—a tall, slender figure—and all divisions between fiction and delusion, between nightmare and reality, begin to fall. Chilling, eerie, and addictively readable, Slender Man is a unique spine-tingling story and a brilliant and frightening look at one of the most fascinating—and diabolical—mythical figures in modern times.
