It's a coincidence that I read Marie Kondo's tidying up manga first before reading Beth Penn's little book. As the name suggests, the little book is very little that you are guaranteed to finish it in under an hour, or under 2 hours if you are reading it very slowly. The book provides you with general information about decluttering and some tips, but I find it not as detailed as the tidying up expert Marie Kondo's The Life Changing Manga of Tidying Up, although both of them are equally light reads.
