Fleeing Midnight City, Zoey, along with Holt, Mira and Max, must reach the Severed Tower to discover who she is, but the closer she gets to this place where the laws of physics do not apply, the more dangerous things become as her newly unlocked powers start to wane.

Lord of the Flies meets War of the Worlds in J. Barton Mitchell's alien-invaded post-apocalyptic world where two teens and a young girl with amazing powers must stop the aliens' mysterious plan Earth has been conquered by an alien race known as the Assembly. The human adult population is gone, having succumbed to the Tone—a powerful, telepathic super-signal broadcast across the planet that reduces them to a state of complete subservience. But the Tone has one critical flaw. It only affects the population once they reach their early twenties, which means that there is one group left to resist: Children. Holt Hawkins is a bounty hunter, and his current target is Mira Toombs, an infamous treasure seeker with a price on her head. It's not long before Holt bags his prey, but their instant connection isn't something he bargained for. Neither is the Assembly ship that crash-lands near them shortly after. Venturing inside, Holt finds a young girl who remembers nothing except her name: Zoey. As the three make their way to the cavernous metropolis of Midnight City, they encounter young freedom fighters, mutants, otherworldly artifacts, pirates, feuding alien armies, and the amazing powers that Zoey is beginning to exhibit. Powers that suggest she, as impossible as it seems, may just be the key to stopping the Assembly once and for all. Midnight City is the breathtaking first book of the Conquered Earth series.

While Holt travels to the desert city of Faust in order to secure the Menagerie Pirate Guild's help in rescuing Zoey, Mira heads west to bargain with Van Cleef, a leader with a disastrous plan to end the conflict once and for all.

J. Barton Mitchell's The Razor is a riveting science fiction thriller about a man struggling to survive the chaos on a prison planet. Brilliant engineer Marcus Flynn has been sentenced to 11-H37 alongside the galaxy's most dangerous criminals. A hard labor prison planet better known as the Razor, where life expectancy is short and all roads are dead ends. At least until the Lost Prophet goes active... In a few hours, prison guards and staff are evacuated, the prisoners are left to die, and dark mysteries begin to surface. Only Flynn has the skills and knowledge to unravel them, but he will have to rely on the most unlikely of allies—killers, assassins, pirates and smugglers. If they can survive each other they just might survive the Razor...and claim it for their own.

J. Barton Mitchell's sci-fi tour de force Conquered Earth series concludes as the characters try and unite Earth's disparate survivors to overthrow its alien invaders once and for all. The Severed Tower is no more. Zoey has been taken by the Assembly, and time is running out. Just as their feelings are finally out in the open, Holt Hawkins and Mira Toombs are forced apart onto individual quests to try and unite Earth's survivors against their alien invaders. Mira ventures west, holding together a fragile coalition of Wind Traders, White Helix, and rebel Assembly, a mix of groups that do not trust the other. The voices of the Assembly in Mira's head threaten to drive her mad, and she soon learns a grim reality: that the one resource they have on their side, the Strange Lands artifacts, are dying, and soon the world will be a very different place. Meanwhile, Holt travels with Ravan and Avril to Faust, the dangerous desert city of the Menagerie pirate guild. He goes not only to resolve his issues with Tiberius, its tyrannical leader, but to enlist the Menagerie in the fight to save Zoey. Except Tiberius has his own problems. The Menagerie is splintering, word of rebellion is spreading. If Holt wants their help, he might have to side with his greatest enemy in exchange. Valley of Fires is the final installment in J. Barton Mitchell's Conquered Earth series, following Midnight City and The Severed Tower, and it brings the genre-bending series to an utterly unforgettable close.

Mira Toombs has fled Midnight City, leaving behind her home and the people she loves in a desperate gamble to repair the damage her Tone enhancing artifact has caused. It is a journey that will lead her to Winterbay, an infamous, frozen city built in the middle of Lake Michigan. A place of secrets and conspiracies and the one place more dangerous for Mira than Midnight City. Winterbay is the last bastion of the World Before, a place that has shunned the power of the Strange Lands, and where being a Freebooter means the death sentence. To get what she needs, Mira must take a desperate bargain. One that will lead her into the city's icy depths, where its greatest and most dangerous secret lies guarded by a massive, deadly machine that rumor and myth say only one person can disarm. The one person not allowed inside the city walls. A Freebooter. Winterbay is a 14,000 word short story, part of J. Barton Mitchell's CONQUERED EARTH series, set directly before the events of Midnight City and The Severed Tower, showing how Mira Toombs came to be set on a path not only to Clinton Station, but to the two people who would change her life forever. Holt and Zoey.

It's been months since Paul has seen his younger brother, Sam. Now Sam has completely disappeared. Why? The truth lies at the heart of Watertown, a polluted slum afloat in the city's toxic harbour, where Sam has been working as a research assistant. Paul goes there to find his brother—and encounters people who will do anything to stop him. Can Paul find out the truth? Or does the dead water zone devour everyone who dares to enter it?

The year is 1597. For nearly a decade, the island of Britain has been under the rule of King Philip in the name of Spain. The citizenry live under an enforced curfew and in fear of the Inquisition's agents, who put heretics to the torch in public displays. And with Queen Elizabeth imprisoned in the Tower of London, the British have no symbol to unite them against the enemy who occupies their land. William Shakespeare has no interest in politics. His passion is writing for the theatre, where his words bring laughter and tears to a populace afraid to speak out against the tyranny of the Spanish crown. But now Shakespeare is given an opportunity to pen his greatest work—a drama that will incite the people of Britain to rise against their persecutors—and change the course of history.
