Tiny House, Large Lifestyle! Tiny homes are popping up across America, captivating people with their novel approach not only to housing, but to life. Once considered little more than a charming oddity, the tiny house movement continues to gain momentum among those who thirst for a simpler, "greener," more meaningful life in the face of society's "more is better" mindset. This book explores the philosophies behind the tiny house lifestyle, helps you determine whether it's a good fit for you, and guides you through the transition to a smaller space. For inspiration, you'll meet tiny house pioneers and hear how they built their dwellings (and their lives) in unconventional, creative and purposeful ways. They'll invite you in, show you around their cozy abodes, and share lessons they learned along the way. Inside you'll find everything you need to design a tiny home of your own: \u00b0 Worksheets and exercises to help you home in on your true needs, define personal goals, and develop a tiny house layout that's just right for you. \u00b0 Practical strategies for cutting through clutter and paring down your possessions. \u00b0 Guidance through the world of building codes and zoning laws. \u00b0 Design tricks for making the most of every square foot, including multi-function features and ways to maximize vertical space. \u00b0 Tours of 11 tiny houses and the unique story behind each. Tiny House Living is about distilling life down to that which you value most...freeing yourself from clutter, mortgages and home maintenance...and, in doing so, making more room in everyday life for the really important things, like relationships, passions and community. Whether you downsize to a 400-square-foot home or simply scale back the amount of stuff you have in your current home, this book shows you how to live well with less.
