 Triumph T595/955i Daytona (1997-2000) Price. Back in 1997 a shiny new T595 would have cost you a whisker under ten grand – not too bad compared with the FireBlade which retailed at just over £9500. With the name change to 955i in 1999, along with the damage done to sales by the R1's dominance, RRP was down to £8849, but sales were slow even so.

 Triumph Daytona 955i (2001-2006) [ Review & Buying Guide ] The original 1997 Triumph Daytona T595 (later renamed the 955i) was a convincing attempt by the Hinckley firm to try and break into the then-crucial sportsbike sector of the market. It was a market ruled at the time by the excellent Fireblade, and the Daytona was its match on the road (although outclassed in standard form on a track).

 With the 2002 Daytona 955i, Triumph's engineering staff seemingly took the complaints seriously and endowed the new model with 19 more horsepower while sucking away some 22 pounds of the old model's fat like so many Beverly Hills surgeons. The claimed 149 HP put the 955 shoulder to shoulder with the CBR while, in the weight department, it still ...
