5.8 GHz Digital Answering System | Uniden America Corporation  
Product Overview. Advanced DECT 6.0 technology operates on the 1.9GHz frequency band. Uniden DECT incorporated unique "listen before transmit" technology that avoids interference with many household products, such as baby monitors, microwaves and WiFi. As a result, these phones offer enhanced voice clarity and crystal clear digital sound quality. DECT also offers high security and voice protection as well as longer battery and battery standby life.

DECT 6.0 Cordless Digital Answering System with ... - Uniden  
The phone turns on the answering system and displays Silent Mode On. After the selected number of hours, the phone automatically exits silent mode. To exit silent mode manually, press & hold Silent again.Please Note: Activating the DND/Silent Mode while the answering system is off will turn the answering system on automatically. The answering system setting will reset to the original setting when you cancel the DND/Silent Mode.
