The PSR-200/PSR-300 [TRANSDPOSE] buttons makes it possible to shift the pitch of the entire keyboard up or down in semitone intervals up to a maximum of 12 semitones (one octave). Transposing the pitch of the PSR-200/PSR-300 keyboard makes it easier to play in difficult key signatures, and you can simply match the pitch of the keyboard to the range of a singer or other instrumentalist.

Bestselling author Sabrina Jeffries pens the sizzling story of one of three half-noble half brothers, who makes a most unwelcome entrance into society... and a most unexpected match. Beautiful Lady Regina Tremaine has turned down so many suitors that she's called La Belle Dame Sans Merci. The truth: she won't marry because she carries a dark secret. She sees no good reason, however, why her brother shouldn't court the lovely Louisa North -- even if the girl's brother, the notorious "Dragon Viscount," objects. Marcus North, Viscount Draker -- bastard son of the Prince of Wales -- is rumored to be a monster who holds women captive in his dark castle to have his way with them. He has been exiled from polite society for years. But when Lady Regina makes a plea on her brother's behalf, Marcus proposes an outrageous deal: her brother can court Louisa so long as Marcus can court Regina. Can the beauty and the beast survive a proper courtship when the devastatingly improper passion between them threatens to cause the scandal of the century?

But with so much to do, will the holidays go according to plan? Do-It-Now-Daniel is having trouble practicing, Helpful-Holly can't stop worrying about making presents for her friends, and Humphrey still has to find a gift for Og! Good thing Humphrey is one smart hamster who can help them all fill the season with JOY-JOY-JOY! Nominated for twenty-four state awards and the winner of seven, the Humphrey series is a hit across the country. And he's becoming a one school/one book favorite!

Previously thought to be normal people from Earth, the heirs of Menindus have been magically transported to the land of Mythrania where they successfully battled the Scelestus, the evil entity bent on domination of the entire universe, or was it successful?

For many Germans the hyperinflation of 1922 to 1923 was one of the most decisive experiences of the twentieth century. In his original and authoritative study, Bernd Widdig investigates the effects of that inflation on German culture during the Weimar Republic. He argues that inflation, with its dynamics of massification, devaluation, and the rapid circulation of money, is an integral part of modern culture and intensifies and condenses the experience of modernity in a traumatic way.
